

## The Forma Story

Established in 1994, Protech Sports & Safety Products Pvt. Ltd. has always focused on the competitive landscape in order to develop themselves a clear positioning "customer centric" strategy revolving around **"SAFETY WITH STYLE"**.

The company with a consistent focus on sports equipments, specializes in the manufacturing of Cricket Batting Helmets, Wicket Keeping Helmets and Sports Safety Helmet in its own brand Forma. Protech has an infrastructure that supports its own design and development. It is backed with requisite expertise and experience in Product Designing as well as specific skills for Impact Absorption Management for Cricket Helmets.

Protech is manufacturing Cricket Helmets for some of the renowned Cricketing brands of the world. It is exporting its helmets to various cricket playing countries, such as, UK, Australia, New Zealand, South Africa etc. The company has effortlessly managed to procure the ISO 9001:2008 mark from SAI Global, Australia, and products certificates from British Standards (BS 7928:2013).

# Forma size chart

## How to take your measurement

- Measure the head circumference with a measuring tape
- Keep the tape at the most prominent area on the forehead and the most protruding area on the back of the head
- Use this measurement to select your helmet size

## Measurements

CM	Inch	Helmet Size
51-53	20-21	Junior
54-56	21-22	Small/ Youth
56-58	22-23	Medium
59-62	23-25	Large-XL

# Forma Neck Guard

EXTRA PROTECTION  
TO THE NECK AND  
BASE OF THE HEAD

Forma Cricket Helmets have been designed to avoid any possible injury to the head or the face, while playing cricket. For extra protection use Forma Neck Guard. Use of Neck Guard in combination with the helmet is advised to maximise protection and prevent neck injury. Neck Guard is an accessory which can be easily attached to the helmet. Neck Guard is available separately as an accessory.

- High Impact Engineering Polymer Outer Shell
- Soft Foam (EVA) Inner Padding for comfort
